PLANNING DEPARTMENT 1-SD-078
10.6-14.2

Jerry Backoff
Planning Division Director
City of San Marcos
105 Richmar Avenue
San Marcos, CA 92069

Dear Mr. Backoff: 

Caltrans District 11 comments on the Supplemental EIR for the "Neighborhood One Specific Plan, College Area Community, SCH 87090910" are as follows:

1. New homeowner packets should include ridesharing information. Our contact person is Manuel Demetre, Chief, Regional Ridesharing Branch, (619) 237-POOL (7665).
2. The planned 1,565 single-family dwelling units will significantly impact State Route 78. That impact will be especially felt during peak hours and will not be mitigated with the construction of an additional interchange at Las Posas Road. The construction of that interchange is a speculative mitigation for congestion on city streets but not for impacts to State 78. Those impacts will not be mitigated by any of the proposed mitigation measures. Our contact person for State 78 is Gary Klein, District Project Studies Engineer, (619) 237-6134.

JAMES T. CHESHIRE, Chief
Environmental Planning Branch.
